ABOUT ME

HSCF has been an important part of my life from a young age. Having grown up around the Temple, its programs, celebrations, volunteers, priests, families and children, I have had the opportunity to experience our community not simply as a devotee, but as an active volunteer and participant.

Over the years, I have supported and conducted various Temple programs, served as an Emcee for community events, helped communicate and promote programs, and mentored younger children growing within our HSCF community. Professionally,

I am pursuing a Bachelor of Science in Biology, while developing experience in healthcare operations, customer service, communications and technology. My professional experience has strengthened my ability to coordinate with people, manage multiple priorities, communicate effectively and solve problems in fast-paced environments.

MY VISION: To strengthen the connection between HSCF, our families and the next generation through engaging programs, clear communication, greater youth participation and thoughtful use of technology.

I want our community to know not only what is happening at HSCF but also feel welcomed and inspired to participate.

- Encourage greater participation from the generation that has grown up within HSCF.
- Coordinate effectively with Religious, Education, Canteen, Communications and other EC portfolios.
- Create programs that bring generations together while preserving HSCF's cultural and spiritual foundation.

MY COMMITMENT

Communication • Programs • Youth Engagement • Technology • Community • Seva

Having grown up within HSCF, I would be honored to have the opportunity to give back to the Temple community that has given me so much.

My goal is to bring together the experience of those who built our institution and the energy and ideas of the generation that grew up within it — helping HSCF remain connected, welcoming and vibrant for generations to come.
