EDUCATION

B.E Electronics and Communication, Bharathiar University.

PROFESSIONAL Experience

I bring over 30+ years of engineering leadership experience, including 15+ years with the U.S. Treasury Department where I design and support critical financial systems for the federal government. Earlier in my career, I led engineering teams in Tellabs and Wipro, managing complex projects end-to-end – from planning and vendor coordination to execution and quality control. Before to this, I also had worked in Blue-chip growth company in India until July 1997 after which I moved to USA.
